

INTERIOR DESIGNING

TRANSFORM SPACES. INSPIRE LIVES.

ABOUT US

Interior Design is more than decorating spaces—it's about creating environments that blend functionality, aesthetics, comfort, and innovation. At IIFT, we empower aspiring designers with the skills, creativity, and industry knowledge required to design modern residential, commercial, and hospitality spaces.

ABOUT THE PROGRAM

The Interior Designing Program at IIFT combines design principles, technical expertise, and practical exposure to prepare students for a successful career in the design industry. Through studio-based learning, live projects, and professional guidance, students learn to transform ideas into impactful interior spaces.

DIRECTOR'S MESSAGE

The provided prospectus pages available in the file do not contain a dedicated "Director's Message" page. The parsed content starts from the cover and then jumps to later sections, so the Director's Message page appears to be missing from the extracted text. However, the prospectus repeatedly highlights the institute's vision and objectives:

OUR VISION

At IIFT, we believe fashion education goes beyond designing garments. Our objective is to develop creative professionals equipped with technical expertise, industry knowledge, leadership qualities, communication skills, and entrepreneurial capabilities. Through a blend of theoretical learning, practical exposure, industry interaction, fashion shows, workshops, and placement support, we prepare students to meet the dynamic demands of the global fashion and lifestyle industry.
